

PREPARED:
An Equipping Program for Women in Ministry Leadership

Student Handbook
January 2023

Ephesians 4:12-13

“to equip the saints for the work of ministry, for building up the body of Christ”

What is Prepared?

Prepared is a Gospel-centered, affordable, accessible and systematic two-year equipping program for women currently in ministry leadership or preparing to serve in ministry leadership, locally or globally.

What is the mission of Prepared?

Prepared exists to further the mission of Jesus Christ by creating relational learning environments that help women experience growth and transformation in their personal lives and ministry leadership.

Why Prepared?

1. Each man and woman in the Church needs to be engaged in the ministry of the Church in order to fulfill the mission of Jesus Christ.
2. Women in the Body of Christ need to exercise their God-given spiritual gifts of leadership, teaching, evangelism, shepherding, and serving in order to fulfill the mission of Jesus Christ and their call as His disciples.
3. Many women with leadership gifts do not have the opportunity to receive systematic, Gospel-centered training. Their stage of life, location, and financial situation often make such training inaccessible and unaffordable.
4. Women in ministry leadership have unique opportunities and unique challenges as women. These ministry leaders benefit from equipping specifically applicable to them as women.
5. Women in ministry leadership benefit from regular interactions with women in similar ministry situations.

Who is Prepared for?

Prepared is for EFCA women, locally and globally, currently in ministry leadership, preparing for ministry leadership, or available to serve God in some role as a ministry leader. They may be paid staff or volunteer leaders, serving in a variety of ministries, including but not limited to, children's ministry, youth ministry, women's ministry, evangelism, discipleship, spiritual formation, small groups, worship, and teaching ministries.

What are the objectives of Prepared?

Women who complete the **Prepared** program will

1. Articulate a biblical theology of women in ministry leadership
2. Develop biblical skills for disciple-making and shepherding
3. Cultivate formational rhythms for effective life and ministry
4. Apply biblical truths to their lives in ways that enable life transformation
5. Create a learning environment that values diversity in relationships
6. Communicate God's Word accurately for spiritual growth
7. Engage ministry in the context of a post-modern, post-Christian culture
8. Assess leadership strategies for effective ministry.

What do students receive who complete Prepared?

Students who complete **Prepared's** two-year program will receive a Certificate of Completion recognized and signed by the EFCA President and the EFCA Board of Directors.

Women who complete the program and are serving in a qualifying ministry may be eligible to apply for the Ministry License offered by the EFCA. See the following link for information regarding credentialing in the EFCA.

Moodle, an online learning management system, to participate in online forums and submit assignments.

Students will meet with their coach at least one time within each 6-week course. Coaches will provide support and encouragement that is specifically related to the **Prepared** program in order to help women apply what they are learning, navigate challenges that may hinder their work, and possibly coach others in the future.

He wasn't born there; he was born in Illinois, though he now lives in Kentucky. He started school in Scotland, since that's where his family happened to be at the time. He studied middle level education at Illinois State University and, since graduating, has worked for the EFCA as an online course editor and IT-sort-of-role. When he's not doing this, he might be playing piano, reading, gaming, sleeping, writing, eating, or any combination of those.

Who are the course instructors?

All the instructors have the following qualifications:

1. A commitment to glorifying God, growing as disciples of Jesus Christ, and serving His mission.
2. Experience in ministry leadership in the local church and/or in cross-cultural ministry.
3. Relevant education and experience in their particular subject area.
4. Experience in training and/or teaching.
5. Agreement with and support of the EFCA Statement of Faith and mission.
6. A member or regular attender of an EFCA church or a member of ReachGlobal.
7. A commitment to **Prepared's** mission to see women equipped to serve as ministry leaders.

What are the expectations of leaders and instructors of Prepared?

Leaders will be available to meet with students as requested. As women in ministry leadership themselves, these women know firsthand the importance of having others in similar situations with whom they can share and pray.

In addition to providing weekly instruction, cultivating discussion, and assessing assignments, instructors will be available to answer questions regarding the courses they teach. Instructors will provide contact information on their course syllabi.

What are the expectations of students enrolled in Prepared?

1. Each student will invite a woman to commit to faithfully pray for her and encourage her throughout the two-year program. Students will be responsible to keep their prayer partners aware of their needs.

2. Students will make every effort to attend all class sessions. Attendance benefits both the student and the whole cohort. If circumstances prohibit it, students shall watch the recorded session within a week of the missed class.
3. Students will be given approximately three and a half to four hours of homework each week. Homework may include both reading and written assignments. They will be expected to complete and submit these assignments by the due date.
4. Students will be required to participate in online forums.
5. Students will exchange contact information with other members of their cohort in order to encourage, build relationships and support one another. This will be done by completing their profile information on Moodle
6. If a student is unable to complete a course due to unforeseen circumstances, she should notify the course instructor and the program director. The course instructor, with the approval of the director, may choose to provide other accommodations for the student to complete the course.
7. Cohort members will commit to praying for each other. The program director will provide monthly course themed prayer requests.
8. Students will be expected to meet with their coaches at least one time during each course. They will reflect on assigned questions.

What type of assessment will students receive?

Instructors will provide students constructive feedback on their assignments. Rather than letter grades, students will receive either a "Completion" or "Non-completion" assessment from the instructor and the conclusion of the course. Receiving a "Completion" for each course qualifies the student to receive a *Prepared Certificate of Completion*.

Requirements for Course Completion:

In order to earn a "completion" of a course, students must

1. attend 5 of the 6 class sessions,
2. submit 80% of course assignments (excluding the final assignment) by the assigned due date,

3. submit the final course assignment 2 weeks after the final class,
4. participate in her cohort,
5. meet with her coach.

Emergency circumstances are at the discretion of the instructor.

What are the costs of Prepared?

The fee for each six-week course is \$100 or \$1000 for the entire two-year program. Students may be asked to purchase one or two books per course. Students will not have to pay additional fees for the modules but may be asked to purchase material for them.

Is there a payment plan for Prepared?

Students may either pay the entire \$1000 when they register or may opt to use the payment plan. If a student chooses the payment plan, she will pay \$500 when she registers and \$500 before the start date of the fifth course.

Women who are members of ReachGlobal may, with permission, use their IMA to pay the fees.

Women who are not able to cover the costs of the program are encouraged to ask for support from their churches. Women will receive a letter from the Prepared Director requesting support from their churches in their acceptance packet. If this support is not available, they may apply for a scholarship.

Are refunds available if a student chooses not to finish the program?

Students who withdraw from the Prepared program will not be refunded paid fees. Similarly, refunds will not be given to churches or any other organization or individual who has paid the fees for a student in the Prepared program. Students who choose to withdraw will have the option to be considered for a future program and their fees would be applied to that. A church may request that the fees the church has paid for a withdrawing student be applied to another woman who is part of their fellowship. Exceptions to this policy will be considered for students who must withdraw because of an unforeseen circumstance that makes continuing in the program not only difficult, but actually impossible.

Students who withdraw from the program will not have access to any new classes but can view course they have already taken.

Following are the reasons for this policy:

1. We are dependent on the fees students pay to cover the costs of the program: instructor honorariums, operating expenses, and IT administrative assistant wages.
2. The cohort model is one of the most appreciated elements of Prepared. In order to maintain this model, we do not accept new students into the program after the first course has begun. Therefore, if fees were refunded to students who withdraw, we would not have a way of making up this difference.
3. The **Prepared** program requires effort, time, and sacrifice on the part of the students. Therefore, it is important women give careful thought before beginning the program to the adjustments they will need to make in order to get the most out of the program. Knowing their fees are not refundable will encourage women to do this.

How do I navigate Prepared's learning management system?

Prepared courses will use Moodle, a learning management system. Instructors will post course information, resources, assignments, and questions for online discussion on Moodle. Students will submit assignments on Moodle for instructors to comment on and evaluate. Students will be able to share prayer requests online through Moodle with other women in their cohort. These will be kept private, available only to the women in their cohort. Students will have an opportunity to receive training on navigating Moodle and may contact our IT assistant for additional help.

Who do I contact with questions or requests for help?

1. For general **Prepared** program questions, contact Gloria Grell, Director of **Prepared**, at prepared@efca.org or gloria.grell@efca.org
2. For technical questions related to the use of Moodle, contact Kyle Manges, **Prepared's** IT administrator. kyle.manges@efca.org
